A Note To The Population

\*\*\*\*\*

The Pool Table that is sitting on it's side in Class Room #2, will be put in the Gym. There is no other place we can put it right now. If it works out, it will stay. The following info is for those of you that may not realize. It will not be a place to sit, or rest your coffee cups. Also, it will not be a receptacle for butts etc. Since there is little enough to do here in the winter months, let's inable some of the others to pass some of their time this way.

*New T.A. Procedures*
