[Feb. 6 - 12, 1981]

### RACKETBALL

There is a lot of doubles action going on in preparation for the upcoming tournament. Other tournaments are still in progress so this will start around the end of February to give players enough time to develop the different strategy required.

\* \* \*

In the "C" League singles tournament finals JOYCE with one less faces an undefeated VARGA. The first play-off match is scheduled for Tuesday, February 17th at 4:30 P.M. If VARGA wins he takes the championship. If JOYCE wins there will be one more deciding match.

\* \* \*

In the Handicap tournament VALOUCHE, who is one of our excellent racket sports players but has had a long lay-off from racketball, suffered defeat at the hands of a strong playing BENGERT, who then went on to win over KRACHEN ..... ST. DENNIS easily won over a novice to the game and a game player LOGUE ..... IGNACE upset DUNCAN in a match that saw the loser not up to his usual finesse.

# *New T.A. Procedures*

Effective February 9th, 1981, all application for temporary absences will be dealt with by the procedure set down in the Case Management Manual Chapter 10. This means that the Case Management Team, assigned to each inmate will be the team responsible for making the necessary recommendations to the Temporary Absence Board representing the Institutional Warden. All inmates are urged to read Chapter 10 in the manual in the inmates library to make sure they are familiar with the details, or to contact I.U Staff or their Ludo for further information.

## 10.3.3 Review of Application by the Case Management Team

As soon as possible after receipt of the inmate's application for Escorted or Unescorted Temporary Absence, the Case Management Officer (Institutions) shall schedule a team review.

The CMT shall review the application, discuss the plan with the inmate, and complete a Progress Summary Report in accordance with the procedures outlined in 7.3.3 of this manual.

- In its review, the CMT shall determine whether or not an up-to-date community assessment is required to investigate the inmate's proposed plan. In doing so, the team will consider that, if decision-making is required by the NPB, a recently completed community assessment (within the prior nine-month period) will be required. Should a Community Assessment be required, the CMT shall request same in accordance with the procedures outlined in 7.3.4 of this manual. In this case, the partially completed Progress Summary Report (i.e., Items 1 through 18) shall be forwarded with the Community Assessment request.

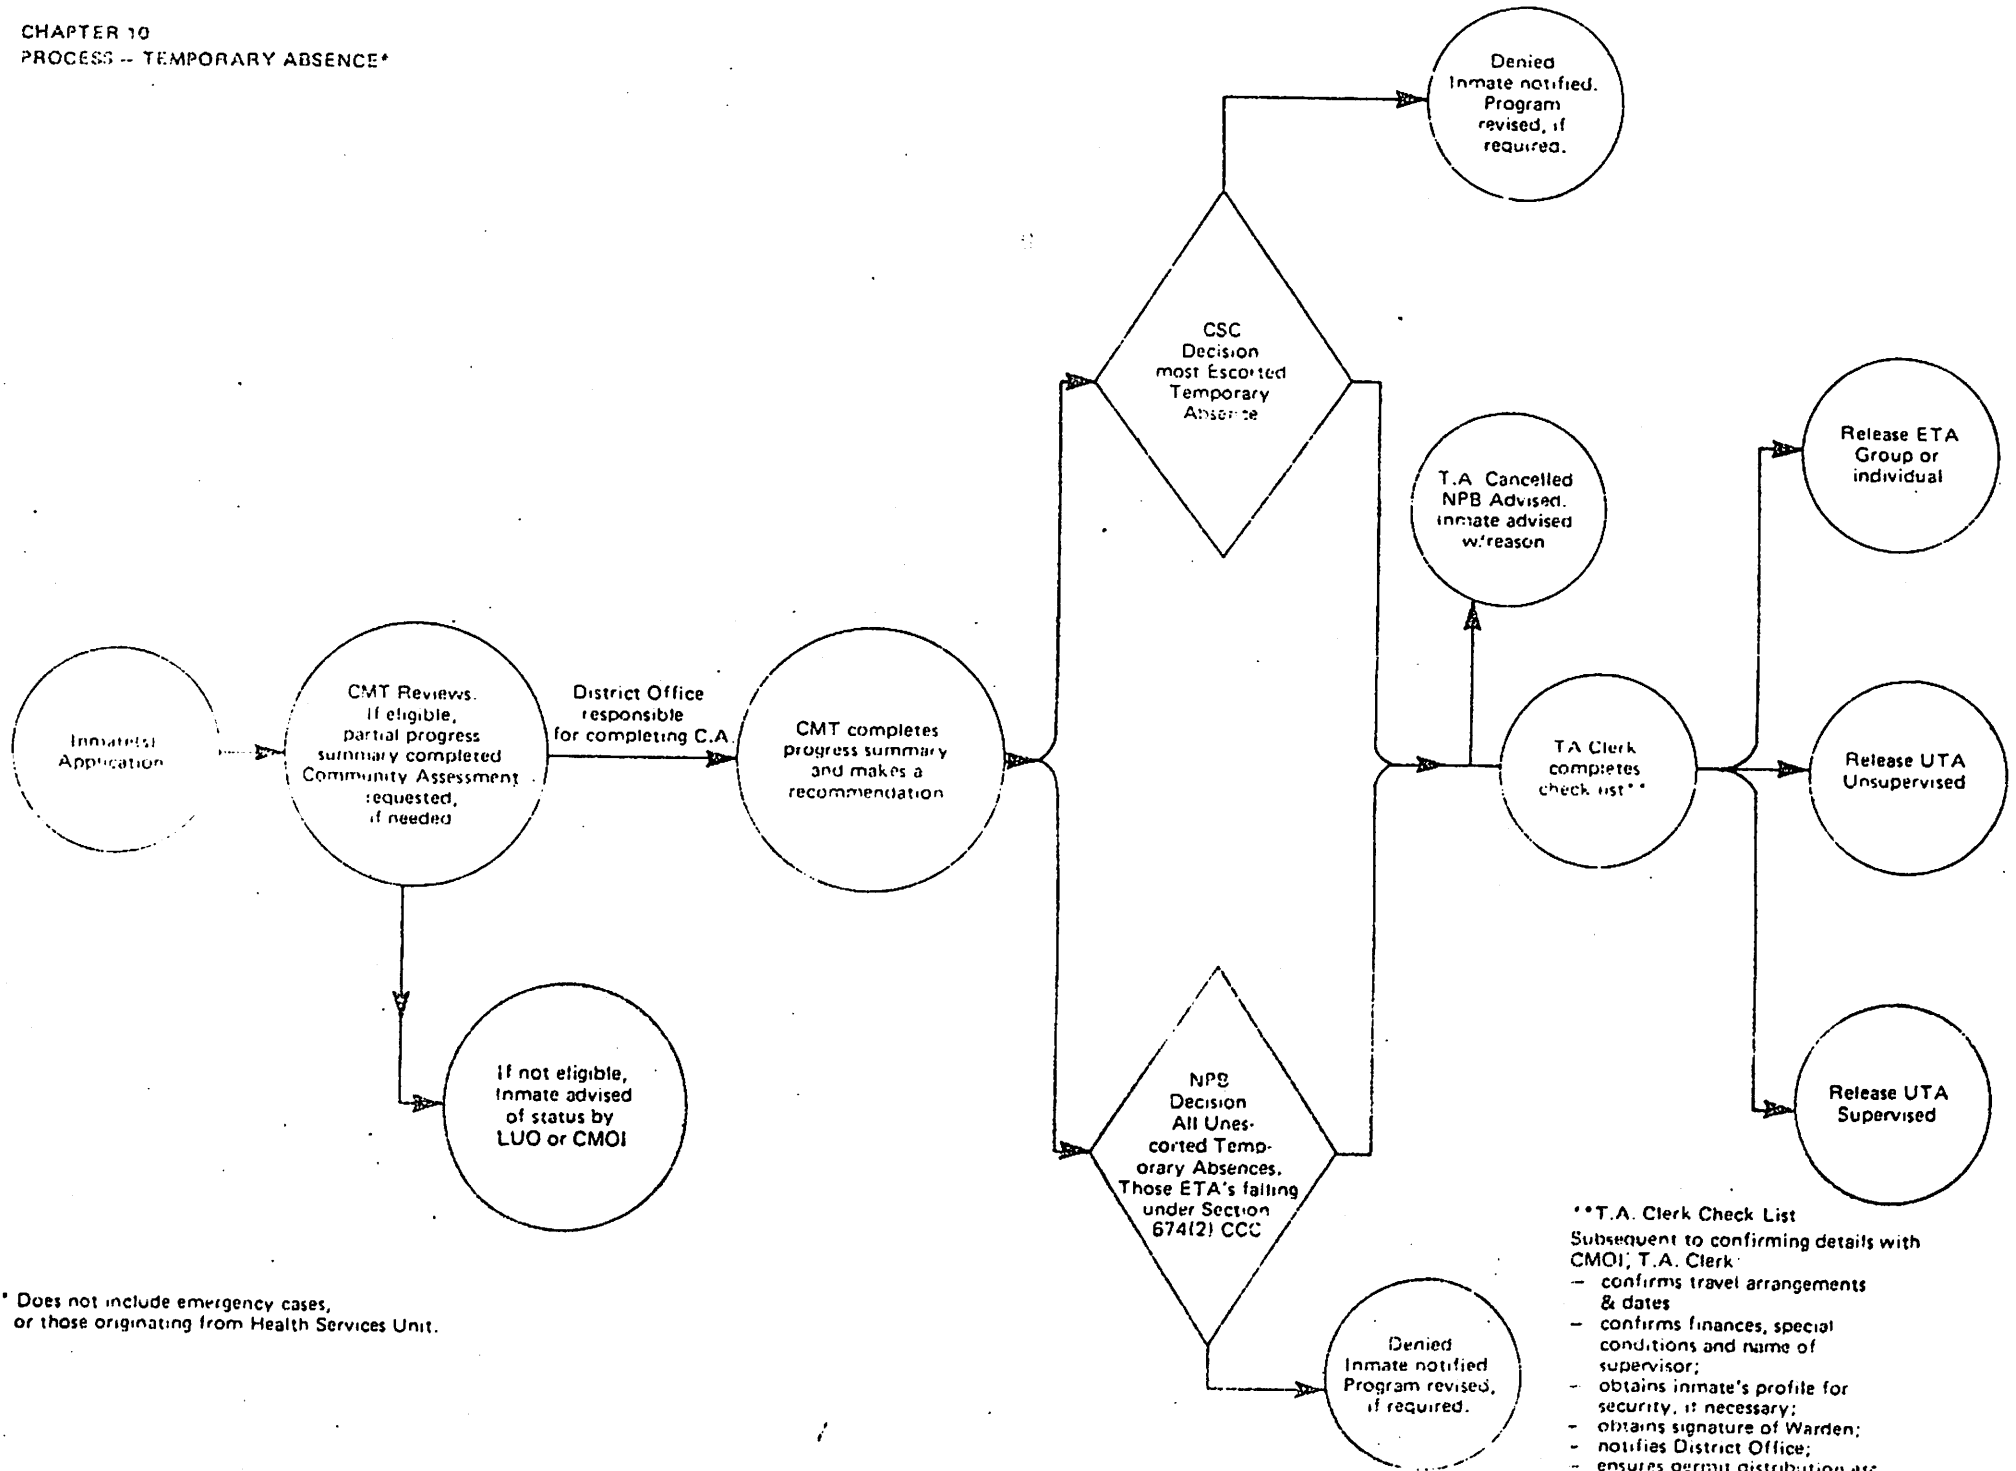

If a Community Assessment is not required, or upon receipt of the up-to-date CA, the CMT shall complete its review of the case and ensure that all sections of the Progress Summary are completed.

The CMT shall ensure that the required information outlined in the Temporary Absence Policy are adequately expressed in the Progress Summary.

# Chapel Notes

A big vote of thanks to inmates McMeekin, Skulsky and Cassidy for helping to put out the fire that came close to destroying the chapel last Saturday evening.

A big thanks to HIM† for making sure that we were there when it happened.

RE: KITCHEN KNIVES

Kitchen knives have definitely been ordered by the Kitchen. However, until they arrive, we will be stuck with some of the small knives from the Pen. The only ones hurt by throwing the small ones in the garbage will be us. It's a choice of them or the plastic ones until the new ones arrive.

THE COMMITTEE WOULD LIKE A FEW HELPERS FOR THIS MONTHS OPEN HOUSE. ALSO WE WILL NOT TAKE THE KITCHEN TABLES BACK. "REMINDER" IF THEY ARE NOT RETURNED WE WILL NOT GET THE USE OF THEM IN THE FUTURE.

THE PERSON WHO IS SHORTING THE WALL RADIO OUT, "IT IS A BUMMER FOR THE REST OF THE POPULATION."

"THERE WILL BE NO MOVIE THIS WEEKEND."
