

FERNDALE FLYER

OCT (?) 1991

UNCLE BILL'S CORNER

A reminder that the only rooms available are at Ferndale and KENT and its much nicer here at Ferndale. As of now dogs are no longer allowed to visit at Ferndale. This is due to a liability clause for insurance purposes. There will be on going checks to ensure the cleanliness of the units. Everyone should do their part, it is the cleaners responsibility to keep the units clean but they are not there to clean up after certain individuals who show no respect for others. With the coming of wet weather, I would kindly ask that the people in the works department ensure that they are not tracking mud and grass throughout the units, clean or remove muddy boots before entering living units.

COMMITTEE'S COMMENT

The inmate committee is here to work for the population as a whole, if there are any concerns, problems, or comments we will be putting up a suggestion box in unit one by the committee office for this purpose. The committee will do everything possible to resolve any gripes or we will assist you in which direction to go for best results. The committee is here to help you resolve any disputes. There will only be one key to the suggestion box and all suggestions will be dealt with in confidence, the chairman will hold the key. Any comments or suggestions for the newsletter should be put in the suggestion box and would be appreciated. A reminder that we all have neighbors and we all live here so please keep the noise level to a respectable level for others around you.
